***Sebastopol Carbon Conversations** is organized by [The Rahun Institute](http://TheRahunInstitute.org) and hosted by the [Sebastopol Grange](http://SebastopolGrange.org). The series takes a closer look at the many solutions for reversing global warming as presented in [Project Drawdown](http://ProjectDrawdown.org) and other sources. We'll learn from local organizations that are working on Climate solutions in agriculture, renewable energy, reducing waste, empowering women, transportation, building design, carbon sequestration, and more. Through this exploration, we'll discover where we each can take small to large steps and help shape a better future.*
